Since you and Dan de Roeck have been so helpful throughout the process, I thought you may like a copy of the final PSD permit and response to public comments for the Inter-Power of New York, Halfmoon Cogeneration permit. It was issued on October 26, 1992. It will become effective at the end of November provided it is not appealed.

I am also forwarding a copy to Alan Cimorelli in Region III for his information as it relates to the Class I area (Federal Land Manager) issues. If you have any questions, please call me at (212) 264-4939.
