**Brownfields Grantee Reporting using the Assessment, Cleanup and Redevelopment Exchange System (ACRES)** – For required reporting including quarterly reports, property information, and environmental site assessment reporting. Training Available.

<https://www.epa.gov/brownfields/login-acres-0>

**Technical Assistance to Brownfields (TAB) Communities** – TAB providers offer free resources that can assist you in all phases of your brownfields redevelopment projects, from grant applicants to reuse visioning.

<https://www.epa.gov/brownfields/technical-assistance#Technical Assistance>

**EPA TAB Brochure - [https://www.epa.gov/system/files/documents/2023-11/tab-brochure\\_2023.pdf](https://www.epa.gov/system/files/documents/2023-11/tab-brochure_2023.pdf)**

EPA Region 10 has the following TAB provider:

**Center for Creative Land Recycling (CCLR)** - <https://www.cclr.org/>

CCLR is the TAB provider for EPA Region 10 (Alaska, Idaho, Oregon, and Washington). We encourage you to subscribe to the [CCLR newsletter](#) for all the latest updates and webinars.

*(Please note: This checklist will be updated in 2024, please check back on the EPA website.)*

**Brownfields ABCA Example for Cleanup Grant Proposals**

<https://www.epa.gov/brownfields/brownfields-abca-example-cleanup-grant-proposals>

***Being Prepared for Climate Change: Checklists of Potential Climate Change Risks***

<https://www.epa.gov/cre/being-prepared-climate-change-checklists-potential-climate-change-risks>

***Climate and Economic Justice Screening Tool (CEJST)*** - a geospatial mapping tool that identifies areas across the nation where communities are faced with significant burdens. These burdens are organized into eight categories: climate change, energy, health, housing, legacy pollution, transportation, water and wastewater, and workforce development.

<https://toolkit.climate.gov/tool/climate-and-economic-justice-screening-tool>

***National Climate Assessment*** - A resource to identify risks and regional trends

<https://scenarios.globalchange.gov/>

***Climate Mapping for Resilience & Adaptation*** - the U.S. Climate Resilience Toolkit offers a framework to help communities systematically consider and address their climate hazards. Communities can use this portal to document their past, present, and future exposure to climate-related hazards. <https://resilience.climate.gov/>

**Greener Cleanup Information** – In preparing for site cleanup work additional resources are available to assist with sustainability integration through greening cleanup activities:

***EPA's Office of Land and Emergency Management (OLEM) Greener Cleanup website:***

<https://www.epa.gov/greenercleanups/epa-principles-greener-cleanups>
