Re: NJDEP Comments on USEPA 2016 Version 2 Emissions Inventory Modeling Platform

Dear Sir or Madam:

This letter contains the New Jersey Department of Environmental Protection's (NJDEP) comments on the Environmental Protection Agency's (USEPA) 2016 version 2 (2016v2) Emissions Inventory Modeling Platform. The 2016v2 Emissions Modeling Platform is an important tool used by USEPA and states for planning, policy, and rule development. The NJDEP comments are included as Attachment 1, with supporting data in Attachments 2 and 3.

Thank you for the opportunity to comment on the USEPA 2016v2 Emissions Inventory Modeling Platform. If you or your staff have any questions, please contact Judy Rand of my staff by email at judy.rand@dep.nj.gov.

Sincerely,

Francis C. Steitz
Director
Division of Air Quality
