HOW TO USE THIS DIRECTORY

This Directory provides, in alphabetical order by company name, a listing of LIA members with the most current information available. The listing, like LIA's membership, is divided into three categories: Leather Members (U.S. tanners or sellers of leather), U.S. General Members (hide and skin suppliers, chemical and engineering companies, machinery suppliers, product manufacturers, and other affiliated companies), and Foreign General Members.

Under each company listing, a current address, phone and fax number have been provided.

This Directory is also a buyer's guide. A list of Product Locator Codes can be found on page 3. These Codes assign numbers to the specific products and/or services of member companies. The appropriate numbers are then listed under each company address.

And finally, this Directory provides Calendar of LIA Events -- including LI meetings, trade shows and laboratory seminars for 1996.

This Directory and Buyer's Guide is a valuable source of information to both members and the thousands of customers who request and receive it free of charge throughout the year. The Directory is updated annually in order to provide the most up-to-date information available.
