12th Conference on Air Quality Modeling

- Public Presentations and Oral & Written Comments

- As explained yesterday, the 12th Modeling Conference is a Public Hearing.
- The next collection of presentations are being made by request of public commenters.
- These public presentations will become officially part of the record and will be submitted to the Docket (ID: [EPA-HQ-OAR-2019-0454](#)) at the conclusion of the proceedings.
- All dialog is being transcribed and will also be submitted to the Docket.
- **All speakers must identify themselves and their affiliation when they begin to present or offer oral comments to the record.**
- There will not be any Q&A during or following these public presentations.
- Anyone who did not request a reserved spot to present will have an opportunity later this afternoon to provide oral comments.
- Written comments can be submitted to the Docket through November 4, 2019.
