

The President's Environmental Youth Award (PEYA) – DEADLINE – February 19, 2021

**Your project could be
an award winner!**

The PEYA program promotes awareness of our nation's natural resources and encourages positive community involvement. Since 1971, the President of the United States has joined with EPA to recognize young people across the U.S. for protecting our nation's air, water, land, and ecology.

Up to two awards—one for Grades K-5 and one for Grades 6-12—will be selected from each of EPA's 10 regions for national recognition. Projects are developed by young individuals, school groups, summer camps, and other youth organizations to promote environmental stewardship.
