

Permit Information

Report Year: 2018NPDES ID: IDR053017

Facility Information

Facility Name: TRUCK AND ENGINE SHOP

Facility Point of Contact

First Name Middle Initial Last Name: Juliette A Floyd

Organization:

Title:

Phone: 208-353-9652 Ext.Email: jafloyd@webtec.com

Facility Mailing Address

Address Line 1: 2100 BRAINFF STAddress Line 2: City: BOISEZIP/Postal Code: 83704 State: IDCounty or Similar Division: ADAMS

General Findings

Provide a summary of your past year's routine facility inspection documentation (see Part 3.1.2 of the permit). In addition, if you are an operator of an airport facility (Sector S) that is subject to the airport effluent limitations guidelines, and are complying with the MSGP Part 8.S.8.1 effluent limitation through the use of non-urea-containing deicers, provide a statement certifying that you do not use pavement deicers containing urea (e.g., "Urea was not used at [name of airport] for pavement deicing in the past year and will also not be used in 2015." (Note: Operators of airport facilities that are complying with Part 8.S.8.1 by meeting the numeric effluent limitation for ammonia do not need to include this statement.)

weekly visual inspections/ quarterly and annual inspections with documentation

Provide a summary of your past year's quarterly visual assessment documentation (see Part 3.2.2 of the permit).

look for any parts that are leaking or could potentially get into storm drains, inspect spill kits to make sure they are stocked. Inspection of storm drains for any contaminants.

For any four-sample (minimum) average benchmark monitoring exceedance, if after reviewing the selection, design, installation, and implementation of your control measures and considering whether any modifications are necessary to meet the effluent limits in the permit, you determine that no further pollutant reductions are technologically available and economically practicable and achievable in light of best industry practice, provide your rationale for why you believe no further reductions are achievable (see Part 6.2.1.2 of the permit). Enter "NA" if not applicable.

All samples have been within the limits

Provide a summary of your past year's corrective action documentation (See Part 4.4 of the permit). (Note: If corrective action is not yet completed at the time of submission of this annual report, you must describe the status of any outstanding corrective action(s).) Also describe any incidents of noncompliance in the past year or currently ongoing, or if none, provide a statement that you are in compliance with the permit.

no corrective actions for 2018.
